PhD students who have been admitted to the final examination by the Doctoral School Committee shall submit their thesis for evaluation to two external referees.

Both referees will propose either admission to the final examination/PhD defence or resubmission of the thesis for a period of no longer than six months in the case of major revision.

In the case of major revision, the student must submit a new version of the thesis together with a rebuttal letter before the deadline. The referees will then submit a new evaluation according to the changes made to the thesis by the student.

In any case the student is admitted to the final examination before the final examination committee.

In the case of negative judgement by the final examination committee the PhD student is excluded from the Doctoral Programme.

For those PhD students who obtained a period of suspension during their PhD Programme, all deadlines concerning their final examination will be postponed for the same period of their suspension. The ICT School Secretariat will send them all new deadlines.
Step 1 - Request for admission to the final examination and for the award of the label “Doctor Europaeus

By 10 September 2018

- Request for admission to the Final examination

Before applying, the student must discuss the state of the thesis with his/her advisor.

For admission to the final examination, it is mandatory to have undertaken at least one 3-month research period abroad except in the case of a written justification for not doing so furnished by the Advisor.

The request for admission to the final examination must be submitted online by means of the Esse3 system http://www.esse3.unitn.it/Start.do

The request implies the payment of a contribution (“final examination contribution”) of € 72,00 (which includes two duty stamps of € 16,00). PhD students must have regularly paid all the three-year PhD course fees when they submit the online final exam form.

Information about the online application is available at https://www.unitn.it/en/ateneo/1932/final-examination

PhD students are asked to fill in a questionnaire (AlmaLaurea) as well (together with the request), in order to gather their opinions about the services provided by our university.

- Award of the label “Doctor Europaeus”

The additional label of "Doctor Europaeus" may be awarded to those PhD students who fulfil the prerequisites proposed by the European University Association as follows:

1. positive judgement on the thesis by two referees from two higher education institutions of two European countries, other than the one where the doctoral thesis will be defended;
2. at least one member of the final examination committee comes from a higher education institution in a European country other than the one where the doctoral thesis will be defended;
3. period abroad of at least 3 months spent in another European country;
4. the doctoral thesis must have been partly prepared as a result of a period of research of at least one trimester spent in another European country.

PhD students interested in obtaining the title of “Doctor Europaeus” should indicate their interest in the AlmaLaurea questionnaire (see previous point)

Information is available at http://www.unitn.it/en/ateneo/50322/doctor-europaeus

Step 2 - Submission of the thesis and of a report on the PhD activities

By 31 January 2019

The ICT School Secretariat will send PhD students all details about their referees as well as the instructions on the submission of the required documents

PhD students have to upload to Easychair a single pdf file (file extension .pdf) containing:

1. thesis;
2. a report on the research/study activities that he/she has carried out during his/her Doctoral Programme and a list of his/her publications. The report should contain:
   - list of publications
   - periods spent abroad for study/research reasons
   - Summer/winter schools, Conferences
   - participation in research projects
   - other
   A template will be provided by the ICT School Secretariat

As soon as the student has uploaded the required file to Easychair, he/she informs both his/her referees, as well as the ICT School Secretariat, about his/her submission.

Referees submit their evaluation for the thesis within 30 days from when the thesis is available on Easychair. The latest date for the submission of the reviews is 28 February.
As an **overall evaluation of the student's thesis**, referees may propose one of the following results:

- **MINOR Revision**: admission of the student to the final examination/PhD defence
- **MAJOR Revision**: the student must resubmit to Easychair a new version of the thesis with a rebuttal letter within 3 months
- **MAJOR Revision**: the student must resubmit to Easychair a new version of the thesis with a rebuttal letter within 6 months

Each PhD student will receive the reviews via email from Easychair as soon as both referees have submitted their evaluations.

<tr>
<th>Step 3 - Delivery of the final version of the thesis to the final examination committee</th>
<th>No later than 10 days before the date of the final examination</th>
</tr>
</thead>

PhD students send the final version of the thesis (.pdf) to each member of the final examination committee via e-mail. No hard copy must be submitted.

<table>
<thead>
<tr>
<th>Step 4 - Upload of the final version of the thesis and of the Deposit Disclaimer</th>
<th>No later than 10 days before the date of the final examination</th>
</tr>
</thead>
</table>

PhD students must upload the **final version of the thesis** (.pdf) and the Deposit Disclaimer to the **online University archive** [http://eprints-phd.biblio.unitn.it](http://eprints-phd.biblio.unitn.it).

PhD students may decide to let the thesis be made public or to restrict its access. *Emargo* is a period during which the thesis is kept secret. Only bibliographic metadata are made visible. PhD students can request a period of embargo (up to 24 months).

**NB**: PhD students who have been awarded a scholarship funded by other institutions (e.g. research centres, companies, European Commission) should contact the ICT School Secretariat to determine whether any imposing secrecy restriction is foreseen.

Once the thesis has been submitted to the online University archive, it can no longer be replaced with another version. Those PhD students who do not self-archive both their thesis and Deposit Disclaimer in the online University archive, will not receive the PhD diploma on the date of the final examination.

All materials regarding the upload of the required documents to the online University archive and the copyright issues are available from the box “Download” at the following link [https://www.unitn.it/en/latenoe/1932/final-examination](https://www.unitn.it/en/latenoe/1932/final-examination).

<table>
<thead>

PhD students should send title and abstract of the thesis to the ICT School Secretariat.

The PhD defence will be advertised via Facebook and on the ICT School and DISI website.

<table>
<thead>
<tr>
<th>Step 6 - Delivery of the university computer</th>
<th>On the day of the final examination</th>
</tr>
</thead>
</table>

PhD students who have received a computer from the university must return it to the ICT School Secretariat on the day of the final examination.

The computer must be formatted before being returned.
Step 7 - Final examination  

By 31 October 2019

The Final examination will take place before the examination committee and will consist of a public discussion of the thesis.

The PhD School organizes a proclamation ceremony for each PhD student who concludes the doctoral programme. The committee members and the advisors will wear the academic dress made available for the ceremony. Candidates will wear the academic dress as well, soon after the committee has read the judgement.

The advisor should introduce the candidate as well as the committee members. The candidate will then present his/her thesis (around 40 minutes), which will be followed by questions from the committee (around 20-30 minutes). The defence is open to the public.

In the case of negative judgement by the final examination committee, the PhD student is excluded from the Doctoral Programme.

PhD students on a co-tutelle programme

In order to obtain the double doctoral degree, PhD students must fulfill the requirements foreseen by both institutions. PhD students are therefore invited to check with the hosting institution in regard to any further requirement which must be fulfilled in order to be awarded the degree.

Step 1 - Admission to the final examination of their PhD students and suggestion of two referees  

By 10 September 2018

Advisors should approve their PhD students’ admission to the final examination. They must therefore:

1. submit an evaluation on the thesis of their PhD students to http://dsc.disi.unitn.it/

2. send all the details below concerning the two referees who will review their PhD students’ thesis to ict.school@unitn.it:
   - surname, name;
   - affiliation;
   - academic/work position;
   - email contact
   - if either of the referees will be part of the final examination committee as well. In this case they may be reimbursed (only travel expenses); otherwise it is not possible.

Advisors should suggest referees who have already confirmed their availability.
Referees eligibility criteria:

- experts selected among highly qualified tenured academic staff or tenured lecturers belonging to other institutions (NO UniTrento)
- researchers who work for companies that deal with research
- no previous collaborations with the student (e.g. thesis co-tutorship, internship, research collaboration)
- adjunct lecturers/instructors are not eligible
- possessors of titles such as Emeritus Professor, Emeritus Reader, Senior Fellow are not eligible unless they have a teaching contract or are in service at a foreign research institute or university.

The two referees may be part of the final examination committee as well. In this case they may be reimbursed (only travel expenses); otherwise it is not possible.

<thead>
<tr>
<th>Step 2 - Communication of the final examination committee and date of the final examination</th>
<th>No later than 45 days before the date of the final examination</th>
</tr>
</thead>
</table>

Once the student has been admitted to the final examination by the two referees, the advisor should send to ict.school@unitn.it:

- composition of the final examination committee;
- date of the final examination.

The final examination committee should be composed of:

a) three members selected among tenured academic (university) staff and/or researchers at Italian and foreign institutions, specialized in the topics of the dissertation;

b) up to two external experts may be added. They can be lecturers/researchers or experts selected from universities and public and private research centres.

NB:

- Advisors should suggest a committee whose members have already confirmed their availability.
- The advisor cannot be part of the committee.
- Referees can be part of the committee (they can be any of the 3 + additional 2 members, see above two points).
- Researchers who work for companies that deal with research may be part of the committee (they can be any of the 3 + additional 2 members, see above two points).
- Possessors of titles such as Emeritus Professor, Emeritus Reader, Senior Fellow are not eligible unless they have a teaching contract or are in service at a foreign research institute or university.
